2. Press [Inc] to exit the directory.
3. Press [Inc] to exit the directory.
4. Press [Inc] twice to select the name.
5. Press [Inc] twice to select the number.
6. Press [Inc] to exit the directory.

Finding a number in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm the number.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Finding a name in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] twice to select the name.
4. Press [Inc] again to confirm the name.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Deleting a name from the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm deletion of the name.
4. Press [Inc] to exit the directory.

Deleting all items in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] to exit the directory.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Finding a number in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm the number.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Finding a name in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] twice to select the name.
4. Press [Inc] again to confirm the name.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Deleting a name from the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm deletion of the name.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Deleting all items in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] to exit the directory.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Finding a number in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm the number.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Finding a name in the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] twice to select the name.
4. Press [Inc] again to confirm the name.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.

Deleting a name from the directory:

1. Press [Inc] to exit the directory.
2. Press [Inc] to exit the directory.
3. Press [Inc] again to confirm deletion of the name.
4. Press [Inc] to exit the directory.
5. Press [Inc] to exit the directory.
6. Press [Inc] to exit the directory.
Deleting from the Callers List

1. Press (to delete all numbers in the Callers List).
2. Press (to select the callers list to delete).
